Us TOO is a 501-c-3 charitable organization founded in 1990 by and for Prostate Cancer Survivors, their families and men at risk

Someone to talk to . . .
who understands

July 28, 2009

Dear Us TOO Support Group/Chapter Leaders and Friends,

In the challenging financial times, I am so pleased to be able to continue to distribute important information on progress and options for the prostate cancer community in the form of the August *HotSheet*. Nearly ninety support groups have decided to keep getting printed copies and have helped by paying for postage so far... feel free to do the same and call either Jackie or Terri at our office. For those deciding not to order printed copies, please know we remain committed to the monthly *HotSheet* and you can find it, along with the *Chapter News!* on the Us TOO webpage. You can download and print copies for free and direct others to do the same.

As you will see in this issue of the *HotSheet*, we have a cover story on another new publication now available, titled *In Control: The Facts About Male Urinary Incontinence, Options for Coping Strategies & Treatment*, made possible by a charitable educational grant from SCA Personal Care North America/TENA.

Because of their support, we are able to give each support group 50 free copies of the educational brochure. In addition, SCA/TENA has provided discount consumer coupons for their products (the TENA brand was formerly known as Serenity), which we have included in this mailing for distribution to your participants.

As a reminder, we are still seeking applications for Us TOO Board members to serve on the Board of Directors. Please spread the word with people who you think can help guide our organization. The deadline for application is the end of August. The Board of Directors – all volunteers – provides our strategic direction and organizational leadership.

Also, please note a number of education and awareness activities coming up:

- 2009 Prostate Cancer Conference produced by PCRI, held again in Los Angeles, scheduled for September 12-13, 2009
- Celebrate the 3rd annual Sneakers at Work Day on September 18th
- Form a team and help raise money for Us TOO through the SEA Blue Prostate Cancer Walk planned for September 13th – you don't have to live in Chicago to participate
- We are still looking for volunteer help to support Ed Randall's Bat for a Cure Minor League Road Trip events at approximately 135 minor league baseball games across the country this summer

Call or contact us about these and other ways to support the cause... we need your involvement and help to spread the word. These tough times call for citizen action; help keep Us TOO moving forward!

Sincerely,

Thomas N. Kirk, President and CEO
