

# Prostate Cancer Study

The University of Massachusetts Worcester Graduate School of Nursing is seeking participants for a research study examining prostate cancer and partner survivorship.

Eligible participants must:

- Be 18 years or older
- Have had prostate cancer surgery within the past two years
- Have a spouse or partner willing to discuss this experience

The goal of this research study is to help identify patient care needs, support, and information for prostate cancer survivors and their spouses or partners.

Participation includes interviews over a one-month duration. Participants can be compensated for their time.

For more information or if you are interested in participating, please call (508) 856-5755.
