

## **Script Selections about Us TOO International:**

### **Various short announcements suitable for use as TV or radio commercials or PSAs**

1. If you are diagnosed with prostate cancer and want to talk to other patients and survivors, get connected through Us TOO International. Us TOO International has 300 chapter support groups that meet monthly around the country, and has 14 different online discussion groups on topics of interest to prostate cancer patients, survivors and their family members. To find the chapter nearest you or to subscribe, visit [www.ustoo.org](http://www.ustoo.org) or call 1-800-80-U-S-T-O-O.
2. If your husband or partner has been diagnosed with prostate cancer and you need information or want to talk to someone, contact Us TOO International. Call 1-800-80-U-S-T-O-O or visit us on the web at [www.ustoo.org](http://www.ustoo.org).
3. Are you or someone you love newly diagnosed with prostate cancer? Us TOO International is a great source for information about treatment options. Visit us on the web at [www.ustoo.org](http://www.ustoo.org) or call 1-800-80-U-S-T-O-O.
4. Do you or someone you love have a rising PSA or a recurrence of prostate cancer? Us TOO International is a great source for information about advanced disease options. Visit us on the web at [www.ustoo.org](http://www.ustoo.org) or call 1-800-80-U-S-T-O-O.
5. Talking with other prostate cancer patients and survivors can be a terrific source of information, comfort and encouragement. To get connected with someone near you, contact Us TOO International at 1-800-80-U-S-T-O-O or visit us on the web at [www.ustoo.org](http://www.ustoo.org).
6. Does someone you love have prostate cancer? Prostate cancer is a disease of the patient, the partner or spouse, and the family. While the patient experiences cancer in their body, those closest to the patient have an experience of prostate cancer that is very real.

The challenges of the caregiver may not show up on a lab chart or test result, yet they are often equally painful and traumatic. Their experience can leave them feeling helpless, confused and alone. Their lives are also dramatically impacted by the diagnosis and treatment of prostate cancer. They, too, experience the treatments, the doctor visits, interrupted sleep, sadness, fear and grief.

Us TOO International's *Circles of Love* is a resource and support program designed with the caregiver in mind. The purpose of the program is to acknowledge, empower and support companions, partners, spouses and family members of men with prostate cancer.

To learn more about the Circles of Love program and Care Kit, contact Us TOO International at 1-800-80-U-S-T-O-O or visit us on the web at [www.ustoo.org](http://www.ustoo.org)

7. Do you want to do something to help prostate cancer patients today? Donate to Us TOO International so patients and their families have access to education materials and support services when they need them. Donate online at [www.ustoo.org](http://www.ustoo.org) or call 1-800-80-U-S-T-O-O. Thank you.
