Did You Know?

The SEA Blue Chicago Prostate Cancer Walk & Run was established 11 years ago to raise money to help Us TOO provide **S**upport, **E**ducation and **A**dvocacy at no charge to those affected by prostate cancer. Over the years the event has grown considerably. Thousands of miles have been walked by, and in support of, those who have fought, or continue to fight, the disease. And thanks to the support and participation of walkers, runners, volunteers, corporate sponsors and staff, thousands of dollars have been raised to help empower men and their loved ones with knowledge on prostate cancer testing, treatment options, and management of side-effects. It all began with a first step...

SEA Stories

11 years ago, Myrna Porter saw a need to bring the prostate cancer community together, increase awareness, and help raise funds to provide support and education for those affected by the disease. She helped fill that need as one of the founders of SEA Blue.
