Dear Friend,

We hope that the [March 2016 issue of the Hot SHEET](#) finds you doing well.

If you're a prostate cancer patient or caregiver, [please consider participating in a survey](#) being conducted on behalf of a prostate cancer medication manufacturer interested in understanding patients' needs and desires for support services, disease education, information and other resources while on treatment. Each telephone interview will last no more than 60 minutes, participants' identities will not be shared with the manufacturer, and [each participant will receive \\$150](#).

If you or a loved one is interested in participating, please contact David Leonard from PFC Research as soon as possible for further information. He can be reached by phone or email at [pfcresearch@verizon.net](mailto:pfcresearch@verizon.net) or 212-289-0087.

Men diagnosed with low-grade prostate cancer are encouraged to participate in "[The Dashboard Study for Prostate Cancer](#)," a project to design, test and implement an interactive, multi-media decision aid as an electronic clinical decision dashboard to improve the quality of clinical decision making for the initial treatment of patients with low-risk prostate cancer. The study is being conducted by the Clinical Research Center of the University of Rochester Clinical and Translational Science Institute for a special interest project sponsored by the Centers for Disease Control. Details are at: <http://www.ustooevents.org/site/R?i=-i8vU7KwOy5hDZFG57-IOA>.

We're partnering with Vehicles for Charities to provide an easy option to [benefit Us TOO by donating your car](#) regardless of the condition of the vehicle – even if it doesn't run. For more information please contact the Us TOO home office at [630-795-1002](tel:630-795-1002).

Stay warm and watch for some of the latest prostate cancer **News You Can Use from Us TOO** in about two weeks, and the April issue of the *Hot SHEET* next month.

Best regards,

 *and the staff*

Thomas Kirk, President & CEO  
Jackie Konieczka, Office Manager  
Terri Likowski, Chapter/Support Group Services Program Manager  
Chuck Strand, Director of Marketing & Communications
