Online video is now available of the Us TOO **Community Conversation on Prostate Cancer** which was a featured presentation at the Sixth Annual Men's Health Event in Detroit on September 24. The presentation addresses the importance of informed decision making for patients and caregivers specific to testing, active surveillance, treatment options for all phases of prostate cancer, and management of side effects.

The information was repeated in two sessions by urologist Dr. Jason Hafron and oncologist Dr. Elisabeth Heath. Each of these sessions is available for viewing in the online videos which have been broken down by topic into short, easily accessible and digestible pieces.
