Dear Friends of Us TOO,

Throughout 2016 Us TOO continued to focus on providing educational resources and support services to the prostate cancer community at no charge through a network of more than 200 prostate cancer support groups across the country and abroad, website updates, grassroots educational events, monthly newsletters and news feeds, social media, and fundraising.

Us TOO International Chairman Jim Rieder, Vice Chairman Jerry Deans, Treasurer C. Todd Ahrens and Secretary Bill Seidel provided consistent leadership through their ongoing service as members of the Executive Committee. In April, Chuck Strand moved from Director of Marketing and Communications to CEO, replacing outgoing President and CEO Tom Kirk who retired. We welcomed Stuart Gellman as a newly elected Us TOO board member who began serving in January 2016, and we were pleased with the continuation of service from board members Fred Allen, Tom Cvikota, Peter Friend, Keith Hoffman, Chad Little, Jim Naddeo and Jim Schraidt. We extend our thanks and appreciation to all current and former Us TOO board members for their guidance and dedication. Thank you, gentlemen!

Tim Mix joined the Us TOO staff as Communications Manager after working for several months with the team as a consultant. In addition to providing content development and graphic design, Tim has increased the distribution of Us TOO information through an increased social media presence on Facebook, Twitter, LinkedIn and the Inspire online community.

Terri Likowski was promoted to Program Director Support Group Services. To help maximize the effectiveness of Us TOO support group leaders, the support group leader password-protected web page was updated with comprehensive content to address the process of starting and growing a support group by highlighting best practices. Terri began moderating monthly conference calls open to all support group leaders to help identify challenges and share best practices with content posted on the web page.

The Us TOO Community Conversation on Prostate Cancer event series format was updated to provide an overview on informed decision making throughout all aspects of prostate cancer – from the value of PSA testing and the potential option of active surveillance, to various treatment options and management of side effects. The event in Detroit was broadcast live online to allow remote access to the event and submission of questions and comments. Video from the event was edited into short segments, which were listed by topic and accessible on the Us TOO website.

Us TOO also expanded upon industry collaborations by partnering with the Patient Access Network (PAN) Foundation. Beginning in early 2017, prostate cancer patients who receive financial assistance from PAN can opt in to receive additional information on prostate cancer education and support services. An Us TOO team member will contact interested patients to offer Us TOO resources and services at no charge.

On behalf of the Us TOO staff, Board of Directors, those we have helped in their battle with prostate cancer, and those we will help – Thank You! We sincerely appreciate our corporate sponsors, individual donors, support group leaders, volunteers and event participants for the ongoing support for the work that we do at Us TOO International.

Best regards,

Jim Rieder

Educational Initiatives

Us TOO Website
Updated educational content was added to the Us TOO website (www.ustoo.org), which serves as a consistent and reliable resource for the prostate cancer community as evidenced by traffic to the site that generated 4,204,832 hits in 2016.

Community Conversation on Prostate Cancer
Us TOO continued hosting Community Conversations on Prostate Cancer sponsored by Bayer HealthCare. Four events in 2016 provided early prostate cancer detection and education with PSA and DRE prostate health screenings, educational sessions, sponsor introductions, and lunch – all at no charge to attendees.
- The Villages, FL - April 9
- Columbus, OH - May 21
- Austin, TX - June 25
- Detroit, MI - September 24 (See webcast details on page 5)

Hot SHEET
Us TOO continued to publish the monthly Hot SHEET newsletter, which highlights some of the latest advancements in prostate cancer diagnosis and treatment. Printed newsletters were mailed to subscribers and a free digital version of the Hot SHEET was distributed to the entire Us TOO data base each month.

News You Can Use
Approximately two weeks after each monthly distribution of the Hot SHEET newsletter, Us TOO distributed Prostate Cancer News You Can Use to the entire Us TOO data base free of charge. It provided a compilation of some of the most relevant news articles selected by Us TOO from the RSS news feed.

Social Media
All electronic communication was also posted on social media through Facebook pages for Us TOO and SEA Blue and Twitter feeds, along with blog posts on the Inspire prostate cancer online community hosted by Us TOO.
Educational Webcast
The Community Conversation on Prostate Cancer event in Detroit, MI was featured as a special presentation at the Sixth Annual Men’s Health Event on September 24. The presentation addressed the importance of informed decision making for patients and caregivers specific to testing, active surveillance, treatment options for all phases of prostatecancer, and management of side effects.

The information was repeated in two sessions by urologist Dr. Jason Hafron and oncologist Dr. Elisabeth Heath. Each of these sessions was videotaped and broadcast live online. Presentations were followed by a Q&A session with participation from the in-person audience as well as those joining the event online from any location via computers, iPads or smartphones. The video remains available for viewing online in short segments broken down by topic at www.ustoo.org/Education-Videos.

Topics Included:
- Prostate Cancer 101
- Testing for Prostate Cancer with PSA & DRE
- PSA Guidelines
- PSA Post-Surgery

Support Services
Us TOO support groups provide an invaluable forum for peer-to-peer interaction to exchange information and personal perspective specific to effectively navigating the prostate cancer journey. Each Us TOO support group functions independently and is led by local volunteer, which could be a prostate cancer survivor, caregiver or medical professional. Groups hold regular meetings for men living with prostate cancer and their families. In addition to emotional support, the meetings provide unbiased educational information related to prostate cancer treatment options for newly diagnosed men or those managing advancing disease, solutions for addressing side effects, and nutrition. Us TOO group meetings are free and open to the public. In order to offer improved “support to the supporters,” Us TOO initiated regular support group leader calls and launched a webpage specifically to address their needs and materials.

Educational Materials
Multiple prostate cancer educational brochures and books continued to be made available to the prostate cancer community. All materials were accessible digitally through PDF documents housed on the Us TOO website. In addition, Us TOO mailed and distributed thousands of printed pieces in response to hundreds of requests for the material, which was provided at no cost.

Inspire Online Community
Us TOO continued to provide additional support services to the prostate cancer community through hosting the Inspire online prostate cancer communities (UsTOO.inspire.com) with 16 prostate cancer discussion groups specific to the following topics:

- Newly diagnosed
- Treatment options
- Active surveillance
- Managing side effects
- Genomic testing
- Exercise and nutrition
- Wives, family, friends and caregivers
- Prostate cancer and intimacy
- Screening and early detection
- Recurrence/advanced disease
- Military veterans/Agent Orange
- Clinical trials
- Advocacy
- Local support group leaders
- In Memoriam
- Prostate cancer news

Advocacy Initiatives
Us TOO continued its advocacy outreach with attendance at events such as the ZERO Patient Advocacy Summit. Outreach was extended to constituents through email, social media, and other platforms, with hopes to positively impact legislative initiatives affecting prostate cancer research.
Awareness and Fundraising

12th Annual SEA Blue Chicago Prostate Cancer Walk & Run
SEA Blue is Chicago’s largest prostate cancer fund raising and awareness event. More than 1,200 people attended the SEA Blue Prostate Cancer Walk & Run on Sunday, September 11th in Chicago’s Lincoln Park. This year, on the anniversary of 9/11, we recognized local first responders. Prostate cancer survivor and baseball legend Ken Griffey Sr. was our special guest star who met with attendees, posed for pictures, and offered words of wisdom.
SEA Blue Sponsors
Us TOO thanks the following companies for their generous sponsorship support of the 12th Annual SEA Blue Chicago Prostate Cancer Walk & Run!
In 2016, “SEA of Blue” lemonade stands were once again created to help promote the SEA Blue Chicago Prostate Cancer Walk & Run, and to bring prostate cancer awareness to local communities. Kids dressed up in blue and served blue lemonade to promote the SEA Blue tagline, “Blue is to prostate cancer as pink is to breast cancer.” Several stands were held throughout the Chicago area, for various news outlets, and on television.

The Second Annual SEA Blue Ribbon Walk in Rochester, NY
Attendance doubled from the previous year at the Second Annual SEA Blue Rochester Ribbon Walk on Saturday, August 20th. The family-focused event was organized by Us TOO Rochester Chapter Leader Patrick Fisher and featured a walk through the park, refreshments, and kids’ activities. Vital funds and local awareness were raised for Us TOO Rochester.

We thank all sponsors, donors, volunteers, and participants.
