2017 Annual Report
Us TOO International
Prostate Cancer
Education & Support Network
Dear Friends of Us TOO,

Throughout 2017 Us TOO continued to provide educational resources, support services, and personal connections to the prostate cancer community at no charge. Support services included a network of more than 200 prostate cancer support groups across the country and abroad. We expanded our grassroots educational events while continuing monthly newsletters and news feeds, and collaborated with others in the prostate cancer community to advocate for research funding and insurance coverage.

There was a change of leadership with the election of Us TOO International Chairman Peter Friend, Vice Chairman Jim Schraidt, Treasurer C. Todd Ahrens and Secretary Jerry Deans. We welcomed Jeff Albaugh as a new Us TOO board member to serve with the existing leadership including board members Fred Allen, Tom Cvikota, Stuart Gellman, Keith Hoffman, Chad Little, Jim Naddeo, Jim Rieder and Bill Seidel. We extend our appreciation to all current and former Us TOO board members for their guidance and dedication. Thank you, gentlemen!

Us TOO staff continued to deliver educational content and programs to help ensure informed choices at every point along the prostate cancer journey. It was a team effort by Office Manager Jackie Konieczka, Director of Support Services Terri Likowski, Communications Manager Tim Mix, Development Director Amy Woods, and CEO Chuck Strand.

A series of Us TOO Community Conversations on Prostate Cancer presented an overview on informed decision making throughout all aspects of prostate cancer – from the value of PSA testing and the potential option of active surveillance, to various treatment options and management of side effects. Four events featured physician presentations along with patient perspective. In addition, Us TOO produced three live webcasts of support group meetings, each featuring a physician presentation on a different mode of treatment.

We extend our thanks to all of the support group leaders in the Us TOO network with special appreciation to those who were instrumental in coordinating event logistics and engaging the local community to attend each of the seven events throughout the year.

In March 2017, we were pleased to recognize and honor the extraordinary service of six Us TOO support group leaders who were nominated by their peers and presented with the Edward C. Kaps Hope Award. Concurrent with the Hope Awards, we also hosted the 2017 Us TOO Business Leadership Council Meeting. Since this meeting’s inception in 2009, the BLC has served to increase communication and collaboration between prostate cancer patient advocacy and industry.

The Prostate Cancer Clinical Trial Finder was added to the Us TOO website for faster and easier access to all clinical trials featured on clinicaltrials.gov. As a supplement to our toll-free HelpLine with connections to volunteer responders, Us TOO began collaborating with Imerman Angels to match patients with mentors.

We also began a partnership with the Patient Access Network (PAN) Foundation. Prostate cancer patients who receive financial assistance from PAN have the option to also receive information about prostate cancer along with Us TOO education resources and support services.

In addition, moderated monthly conference calls for all Us TOO support group leaders addressed challenges and best practices with call highlights posted on the web page. We hosted the 13th Annual SEA Blue Prostate Cancer Walk & Run on 9/11, extended the reach of Us TOO services through expanded email subscribers to the Hot SHEET newsletter and prostate cancer news feeds; and increased social media presence on Facebook, Twitter, LinkedIn and the Inspire online communities.

On behalf of the Us TOO staff, Board of Directors, those we have helped in their battle with prostate cancer, and those we will help – Thank You! We sincerely appreciate our corporate sponsors, individual donors, support group leaders, volunteers and event participants for the ongoing commitment to the work that we do at Us TOO International.

Best regards,

Peter Friend  
Chairman of the Board

Educational Initiatives

Us TOO Website
Updated educational content was added to the Us TOO website (www.ustoo.org), which serves as a consistent and reliable resource for the prostate cancer community as evidenced by traffic to the site that generated 4,856,232 hits in 2017.

Community Conversation on Prostate Cancer
Us TOO continued hosting Community Conversations on Prostate Cancer presented by Bayer HealthCare. Four events in 2017 provided educational sessions with prostate cancer medical physicians and experts, sponsor introductions, and lunch – all at no charge to attendees.
- Phoenix, AZ - April 22
- Rochester, NY - June 17
- Wilmington, NC - September 23
- Englewood, NJ - November 11

Hot SHEET
Us TOO continued to publish the monthly Hot SHEET newsletter, which highlights some of the latest advancements in prostate cancer diagnosis and treatment. Printed newsletters were mailed to subscribers and a free digital version of the Hot SHEET was distributed to the entire Us TOO data base each month.

News You Can Use
Approximately two weeks after each monthly distribution of the Hot SHEET newsletter, Us TOO distributed Prostate Cancer News You Can Use to the entire Us TOO data base free of charge. It provided a compilation of some of the most relevant news articles selected by Us TOO from the RSS news feed.

Social Media
All electronic communication was also posted on social media through Facebook, Twitter, Linked In and the Inspire online prostate cancer support community hosted by Us TOO.

Support Services
Us TOO support groups provide an invaluable forum for peer-to-peer interaction to exchange information and personal perspective specific to effectively navigating the prostate cancer journey. Each Us TOO support group functions independently and is led by local volunteer, which could be a prostate cancer survivor, caregiver or medical professional. Groups hold regular meetings for men living with prostate cancer and their families. In addition to emotional support, the meetings provide unbiased educational information related to prostate cancer treatment options for newly diagnosed men or those managing advancing disease, solutions for addressing side effects, and nutrition. Us TOO group meetings are free and open to the public. Us TOO hosts regular support group leader calls and launched a webpage specifically to address their needs and materials.

Educational Materials
Multiple prostate cancer educational brochures and books continued to be made available to the prostate cancer community. All materials were accessible digitally through PDF documents housed on the Us TOO website. In addition, Us TOO mailed and distributed thousands of printed pieces in response to hundreds of requests for the material, which was provided at no cost.

Inspire Online Community
Us TOO continued to provide additional support services to the prostate cancer community through hosting the Inspire online prostate cancer communities (UsTOO.inspire.com) with 16 prostate cancer discussion groups specific to the following topics:

- Newly diagnosed
- Treatment options
- Active surveillance
- Managing side effects
- Genomic testing
- Exercise and nutrition
- Wives, family, friends and caregivers
- Prostate cancer and intimacy
- Screening and early detection
- Recurrence/advanced disease
- Military veterans/Agent Orange
- Clinical trials
- Advocacy
- Local support group leaders
- In Memoriam
- Prostate cancer news
SEA Blue
SEA Blue is Chicago’s largest prostate cancer fund raising and awareness event providing Support, Education, and Advocacy. More than 1,000 people attended the 13th Annual SEA Blue Prostate Cancer Walk & Run on Sunday, September 10th in Chicago’s Lincoln Park. SEA Blue is a celebration of life for those who have risen to the challenge to fight prostate cancer, and a tribute to those who have been lost to the disease. People affected by all stages of the disease banded together for camaraderie through togetherness, tears and triumph. The event featured a celebration walk, 5K run, prostate cancer education tent, free PSA test, and family fun zone.

The Third Annual Rochester, New York SEA Blue Ribbon Walk was held on Saturday, August 19 in Genesee Valley Park. Close to 200 people enjoyed the family friendly morning walk. The lead sponsor was the University of Rochester. Congratulations to Rochester Support Group leader Patrick Fisher and the many sponsors and volunteers for a very successful event!

Kaps Hope Awards
At the 2017 Edward C. Kaps Hope Awards, we honored the following outstanding leaders in the Us TOO network who have shown unselfish, dedicated service to prostate cancer survivors and their families:

Jeffrey Albaugh - Evanston, IL
Patrick DiMeo - Columbus, OH
Michael Gordon - Enumclaw, WA
Kathie Houchens - Columbus, OH
Jim O’Hara - Fayetteville, GA
Bill Palos - Moline, IL

Dine Out for Dads
With the guidance of board member Tom Cvikota, Us TOO hosted a fundraising and awareness event on June 27 at Fuller House restaurant in Hinsdale, IL. We promoted Men’s Health Month, the SEA Blue event, and prostate cancer awareness. Funds were raised through a raffle and generous donations from Fuller House based on food and drink purchases.

Business Leadership Council
On March 10, we hosted the Business Leadership Council Meeting to gather industry leaders to increase communication and collaboration between prostate cancer patient advocacy and industry.

Holiday Hope Campaign
The annual Holiday Hope campaign raised funds to support the work of Us TOO through a holiday greeting card, numerous emails, and social media posts. Each outreach contained quotes of hope from those we have helped in their prostate cancer journey.
