Moved forward with leadership transition, Fred Mills became Board Chairman and Jim Kiefert, the Immediate Past Board Chairman became a Director Emeritus, joining Founders Ed Kaps and John De Boer in this role.

Focused rapid action on the priorities identified in the Corporate Plan passed by the Us TOO Board in September 2008 and thus
• examined and reworked the Us TOO Mission Statement,
• planned and launched the 20th Anniversary Summit, Symposium and Celebration education event at the December 2008 Annual Meeting during which we
  • unveiled the new 20th Anniversary logo (seen here at the left),
  • formulated new a committee structure for increased Board communication and
  • developed new services and resources.

Received notification that Us TOO met all of the requirements of the National Health Council Standards of Excellence Certification Program for voluntary health members. This is the second time Us TOO has met these 41 standards established for health agency members to maintain the highest levels of efficiency, accountability, and public stewardship in areas of governance, personnel policies, programs, fundraising, finance, accounting and reporting and evaluation.

Held the first meeting of the new Us TOO Prostate Cancer Business Leadership Council and reached new levels of collaboration with other prostate cancer organizations in the public policy area.

Awarded a second round of the Edward C. Kaps Hope Awards to recognize a group of outstanding Us TOO volunteers.

Added new community support groups to work with the Us TOO home office to expand support, education and advocacy services.

Launched a new online Us TOO prostate cancer discussion community resource with Inspire, an experienced company which builds web communities.

Improved our financial position after the 2008 global economic downturn.
A MESSAGE FROM THE CHAIRMAN OF THE BOARD

It is a pleasure for me to reflect on 2009 and my first year as Board Chairman of Us TOO. Jim Kiefert did a fine job of guiding the Board for four years and in his role as Board Chairman he helped provide for a smooth transition by making it a priority that we have a Corporate Plan in place as we ended 2008.

We ended 2008 on a high note as we successfully completed our 5 year pilot program for minority and underserved population outreach and we held our November 2008 Us TOO University in Arizona. During the Us TOO University we awarded our first round of Edward C. Kaps Hope Awards, shared early drafts of new Chapter/Support Group Standards and held top-notch educational sessions.

However, we also faced an unforeseen and rapid downturn in the economy in the last portion of 2008. As we witnessed dramatic declines in financial markets, we experienced unforeseen financial challenges for US TOO in early 2009. But we stayed focused and worked together on our new 2008-2011 Corporate Plan priorities.

As we look back we saw a 2009 with increased revenue over 2008, tightly managed expenses and an improved financial position. We moved forward with a focus on our mission and plan. In fact, one of the first things we did was restructured our Board committees to improve our communication. We moved rapidly to modify and update our Mission Statement to recognize our SEA Blue focus which we developed over the last few years.

We ended 2009 with new resources and materials for our fellow prostate cancer warriors and held a lively and exciting Annual Meeting.

Thanks to all of you who have helped, especially those who left the Board at the end and during 2009 after offering such great service; Jo Ann Hardy, Bob Fidoten, Stu Porter, Tom Hiatt, Bill Palos and Ron Witherspoon.

It was also my pleasure to welcome new Board Members David Lubartoff, Jean Jeffries and Jerry Hardy to our ranks at our Annual meeting. We stand ready for an active 2010...Us TOO’s 20th Anniversary year.

Sincerely,

Fred Mills
Board Chairman
When I look back on 2009, I am looking back on my 5th year here at Us TOO. It was a pleasure to work with Jim Kiefert when he was Chairman. I want to say thank you Jim for all the excitement and good times during the four years he served as Us TOO’s Board Chairman.

I also want to thank Fred for the fine transition we had as we entered 2009 and share what a pleasure it is to see us continue to move forward. There are many accomplishments we will share as we present this year’s Annual Report but I do want to mention that this year also started out with inspiration and sadness.

We know prostate cancer is a killer, in fact you all probably know by now it killed my wife Margaret’s beloved father Carl Counts many years ago. I have had the good fortune to meet many impressive people in my position with Us TOO and recognize their contributions. At the end of 2008 we were able to award the first Edward C. Kaps Hope Awards however; Bill Blair was not able to travel to receive his as he battled his prostate cancer.

So, in January, I went with our Chapter Services Program Manager, Terri Gibbons, to present his award at the Don Johnson Chapter and heard Bill’s last lecture that night. Bill left all of us there that night filled with inspiration and humility as he talked about life’s purpose.

Shortly after, in February, Bill died and left many, many people saddened but resolved to stay “True to Our Purpose”. In fact, the chapter renamed itself to honor Bill shortly after his death.

I have to say, we also ended 2009 with that same sense of inspiration, resolve and humility as we held our Annual Meeting, featuring our first Bill Blair Memorial Lecture, shared a dynamic meeting with our new Prostate Cancer Business Leadership Council members, launched our 20th Anniversary and celebrated the stories of the work done by the second year’s Hope Award winners.

Thank you all including the Us TOO staff and consultants for a memorable 2009, especially Jackie Konieczka who we recognized with the President’s Outstanding Service Award for her sixteen years as Us TOO’s office manager.

Sincerely,

Thomas N. Kirk
President & CEO

2009 ANNUAL REPORT
The Us TOO Corporate Plan developed and approved by the Board of Directors in 2008 with its focus through 2011 best reflects what we are trying to accomplish. It addresses nine areas:

1) **Board Development**
   The vision is for Us TOO to have an informed, proactive and balanced Board made up of men and women directly affected by prostate cancer who have competencies in business, fundraising and public relations. The Board Members should be willing to speak publicly about prostate cancer and Us TOO and its mission.

2) **Mission Statement**
   Our 2008-2011 plan called for us to examine our Mission Statement. The Board approved the recommended modification of the Mission Statement in July 2009 to read:

   **Be the leading prostate cancer organization helping men and their families make informed decisions about prostate cancer early detection and treatment through support, education and advocacy.**

   The Mission Statement made it clear we are trying to help men and their families make informed decisions through support, education and advocacy. Us TOO’s SEA Blue approach is evident in the updated Mission Statement.

3) **Chapters/Support Groups**
   Communication with the hundreds of group leaders and volunteers is a high priority. The role of the home office is to be a facilitator and provide standards and resources for the independent local groups. Working with more groups is a goal.

4) **Awareness and Marketing**
   The overall desired vision is to have Us TOO recognized as the organization to turn to who supports people at risk for prostate cancer and the men and their families dealing with prostate cancer and to be an active player to beat this disease.

5) **Education**
   Us TOO views education as a form of empowerment of patients, their families and volunteers. The immediate focus is on the 20th Anniversary event in 2010 and also enrich and expand the educational services of the organization such as its newsletters, social communities, the Helpline and educational webinars and teleconferences.

6) **Minority and Underserved Populations**
   With the completion of the five year Minority and Underserved Outreach Pilot Program with CDC in the fall of 2008, Us TOO will plan for next steps and continue to utilize contacts and materials developed during the project. Us TOO is committed to the Circles of Love program to support women affected by prostate cancer.

7) **Advocacy**
   Continue to work in collaboration with other groups to move forward to priorities developed in the advocacy plan.

8) **Fundraising and Resource Development**
   Develop and implement a broad range of options for donors to support Us TOO’s mission.

9) **Collaboration**
   Develop further the collaborations with other groups nationally and internationally to leverage Us TOO’s resources.

Awareness and Patient Information (continued)

Pints for Prostates, founded in late 2008 by Us TOO Board member and prostate cancer survivor, Rick Lyke, with the mission of “Reaching men through the universal language of beer” expanded its efforts in 2009, its first full year. It has become the greatest awareness campaign for Us TOO to date!

Pints for Prostates had 37 events in 16 states across the country.

Activity during 2009 included more than 700 magazine placements in markets large and small from coast to coast. Readers from more than 9 million copies of magazines from Sports Illustrated to Parents and Food & Wine to Time!

In addition, we had exposure through donated space in beer magazines, banner ads on internet sites, media coverage in everything from local newspapers to CNN, beer festivals and other pint events.

The Pints for Prostates 2009 campaign reached at least 60 million people and raised nearly $50,000!

Minors League and Mrs. Illinois

Raising Awareness with Minor League Baseball, Mrs. Illinois International working as an Us TOO volunteer to recognize her father’s battle with prostate cancer.

Sneakers@Work Day

Us TOO was involved in America’s Prostate Cancer Initiative’s Sneakers@Work Day’s for the third year raising awareness in the workplace.

New Resources

During 2009, Us TOO expanded our teleconference efforts by adding a new webinar approach and conducted a session on “Estrogen Deficient Side Effects Due to Androgen Deprivation Therapy Treatment for Prostate Cancer” and created a new WIKI services utilizing information on Prostate Cancer and Intimacy, Radical Prostatectomy and Post-Surgical Issues.

Patient Information

Monthly Newsletter

The Us TOO monthly HotSheet provides the latest information to tens of thousands of people each month.

Education

A record setting rate of nearly 6 million hits were recorded during 2009 on the Us TOO web site, website updates were completed and resources such as News You Can Use and Prostate Pointers email based electronic support were there for people and in 2009, we launched a new social online community service on prostate cancer, the Us TOO Inquire Prostate Cancer Support Community.

Circles of Love

Providing education and support for family members through the Circles of Love Program which provided articles on diet and psychological issues for the Chapter News! throughout the year in 2009.
**NEW PUBLICATIONS**

Us TOO was very active in the Education area, creating new publications such as “Signposts – Understanding Diagnostic Tests to Monitor Prostate Cancer,” a power point presentation to use with the Us TOO publication, “The Prostate Cancer Playbook,” the brochure “In Control: Facts About Urinary Incontinence,” another guidebook titled “The Prostate Cancer Recovery Guide: Hope, Recovery, Support – Insights to Help You Live Life Restored After Prostate Cancer Surgery” and a “Burning Issues” special supplement insert for the September HotSheet newsletter titled “Identifying Clinically Significant Prostate Cancer.”

**ADVOCACY**

Signing a worldwide charter at the “Learning, Living and Loving, A Call to Action in Prostate Cancer,” community event held at U.S. Cellular Field, Chicago, Illinois on April 28, 2009, Us TOO and other prostate cancer activists sought new levels of prostate cancer action.

Us TOO deepened our collaborative relationships with other prostate cancer organizations and launched combined support for the Department of Defense Congressionally Mandated Prostate Cancer Research Program and issued a series of joint press releases as America’s Prostate Cancer Organizations.

The Us TOO Chapter Revenue and Expenses, for the most part, are not included in the Us TOO International, Inc. financial audit conducted by John Kopczyk, Ltd., Certified Public Accountants. The majority of Us TOO chapters are small community groups that do not solicit or raise funds. Information was received from 113 chapters reporting for the calendar year 2009 ending December 31, 2009. The groups in Houston, TX, Greenville, SC, East Amherst, NY and New York City, NY reported revenues and expenses that appear in the 2009 audit.

The unaudited reports submitted by the chapters summarize the revenue and expense activity of their group. The compilation report was compiled from the 24 groups reporting income and expenses and was combined into a report by the Us TOO staff for management reporting purposes and are listed above. The accounting practices of the local Chapter groups are not necessarily the same practices followed by the Us TOO International office.

Although some may not be listed by name, we wish to say “Thank You” to the numerous people and organizations that contributed and donated time, expertise, resources and money.

Our appreciation to those who ordered and used Us TOO blue prostate cancer items, contributed to Us TOO through the Sneakers@Work Day Campaign, through Rick Lyke’s Pints for Prostates and those who donated to (and joined in) the Fifth Annual SEA Blue Walk in Chicago’s Lincoln Park.

All of us who contribute time and resources to assist Us TOO are vital to our continued growth and expanded reach.
