Success Through Transition

Us TOO International Prostate Cancer Education & Support Network

2012 Annual Report
A Message from the Chairman of the Board and the President & CEO

Dear Friends of Us TOO:

In 2012 we formed a new leadership team after Fred Mills passed on the leadership duties to Kay Lowmaster at the close of 2011, marking the start of Kay’s first year as chairman and Tom’s eighth year as president & CEO. As we ended 2011 we saw the completion of the 2008-2011 strategic plan, and during 2012 we actively discussed priority areas for a new plan, which was prepared during 2012 for board approval in early 2013.

During 2012, Kay was joined on the board by Dave Houchens as vice chairman after he served as treasurer during 2011. Jack Shaff and Ridge Taylor were elected treasurer and secretary, respectively, and served until they left the board at the end of 2012. Fred Mills continued to advise as the immediate past chairman and two new board members were appointed: Jeff Mills from Atlanta, Georgia (Fred’s son), and Bill Seidel from Fort Wayne, Indiana.

Looking back on the events of 2012, we were saddened by the passing of Mike Jones and Fred Gersh, two very special Us TOO volunteer support group leaders and outstanding men who will be greatly missed. Our battle goes on as we recall Bill Blair’s quote, “We honor the fallen by serving the living.”

In 2012 we had many challenges and accomplishments. Building on the momentum of our 2011 Us TOO University “Teaming for Success” education conference in Chicago along with our new chapter standards, the board of directors passed a resolution in June to fully support a series of Us TOO University town hall meetings. Designed to increase communication and collaboration among volunteer advocates and support group leaders, meetings were held in Chicago, Phoenix and Tacoma.

We also held our 8th Annual SEA Blue Prostate Cancer Walk & Run event in Chicago. To raise awareness to an even higher level we launched our first “Blues4Blue” Prostate cancer awareness concert in Chicago featuring The Original Blue Brothers Band in September – National Prostate Cancer Awareness Month.

During our December annual meeting we awarded our 5th Annual Edward C. Kaps “Hope Awards” to several worthy recipients. And the “Annual Bill Blair Lecture” was presented by Autumn Barber, a very inspirational young widow whose husband died from aggressive prostate cancer.

We’re pleased to see that we closed out 2012 in the black. We wish to thank the many people who have helped raise funds to support the Us TOO network and help ensure that no one faces prostate cancer alone. Some of those special people include Shirley Tucker, who held a SEA Blue Walk to honor her husband; Sandy Neilson Bell and Keith Bell in Austin, Texas, who held the CAP2 K swim event; and the Dwight Wubbenhorst Living Trust. To all of you who have made our work possible for another year – Thank you so much.

Sincerely,

Kay Lowmaster

UsTOO Mission

Be the leading prostate cancer organization helping men and their families make informed decisions about prostate cancer early detection and treatment through support, education and advocacy
Our Direction and Goals for 2012

Us TOO board members and staff have a vision of Us TOO as a collaborative, participatory organization made up of active volunteers teaming together to help those battling prostate cancer by providing educational content on prostate cancer diagnosis, treatment options and side effects; in addition to prostate cancer survivors helping and supporting peers by sharing their experience, advice and perspective.

Us TOO employs a staff of five to facilitate the volunteer efforts and provide operational resources. The following initiatives were developed at board meetings in 2011, reviewed and fine-tuned at board meetings throughout 2012, and incorporated into a new strategic plan that was developed for approval in 2013.

1. Improving on developing Us TOO education services
   - Develop new materials and webinar sessions to empower people

2. Updating the Us TOO website and electronic communication tools
   - Gather donor support to reorganize and update the Us TOO website (last re-launched in 2005) through participation of volunteers, staff and experts
   - Evaluate effectiveness and modify electronic communication tools and services such as Prostate Pointers, Facebook, etc.

3. Improving and expanding the network of community chapter/support groups
   - Take steps to foster more ownership by volunteers in Us TOO through Us TOO University
   - Take steps to activate current groups and add more groups to the Us TOO network
   - Assist in local fundraising efforts to expand services

4. Enhancing prostate cancer advocacy efforts
   - Focus more on helping underserved populations
   - Deepen and expand collaborations
   - Develop advocacy information mechanisms to alert volunteers

5. Raising more money to serve more of the growing number of people affected by prostate cancer
   - Collaborate with local Us TOO groups to develop goals
   - Expand awareness/fundraising efforts currently in place
   - Seek support from new donors and recognize their help
   - Let more people know we need help and what we do to help others

6. Expanding the Us TOO reach so people can find Us TOO more easily
   - Identify and engage more local activists
   - Raise the visibility of Us TOO and the peer support approach to helping others
   - Engage the help of medical professionals to reach more people

7. Exploring the benefits and challenges of Us TOO’s unique organizational identity and corporate name
   - Gather information on the name and determine steps to improve recognition of Us TOO and the services we have available
Progress in 2012

- Moved forward with Kay Lowmaster as the new board chairman and added two new board members, Jeff Mills and Bill Seidel

- Secured corporate sponsorship support and engaged contractors to begin redesigning the Us TOO website

- Presented a clinical trial educational webinar developed collaboratively by Us TOO and ZERO, which was sponsored by OncoGenex and featured a presentation by Dr. Tomasz Beer

- Participated in and led several breakout sessions during the annual ZERO conference in Washington, DC.

- Attended sessions of the Prostate Cancer Roundtable and played an active role in discussions

- Continued to produce the monthly *HotSheet* newsletter and created two editions of the *Chapter News!* to share experiences of volunteer leaders and information of interest

- Continued the collaboration with My Prostate Cancer Roadmap website to address issues of advanced disease

- Added 14 new affiliated chapters/support groups to work with the Us TOO home office to expand our services around support, education and advocacy

- Organized and held Us TOO University Town Hall meetings in Chicago, Phoenix and Seattle to increase collaboration with community volunteers and activists

- Conducted another Bill Blair memorial lecture series at the Us TOO annual meeting and recognized recipients of the Edward C. Kaps “Hope Award” for outstanding service to support groups

- Advocated for continued congressional research funding and stayed actively involved in the process of identifying and nominating 27 new Department of Defense consumer reviewer candidates

- Received three-year certification from the National Health Council, the nonprofit association of health organizations representing more than 133 million patients and their caregivers/family members who are managing chronic diseases and disabilities

- Conducted the 8th Annual SEA Blue Prostate Cancer Walk & Run in Chicago in collaboration with the Wellness Place to raise awareness of prostate cancer in Chicagoland

- Developed and conducted a new “Blues for the Blue” concert event featuring the Original Blues Brothers Band to increase awareness during September, Prostate Cancer Awareness Month

- Continued the collaboration with Prostate Pointers and with Inspire to offer convenient access to the support of relevant online communities

Jeff Mills and Kay Lowmaster
Building on the momentum of the 2011 Us TOO University “Teaming for Success” education conference in Chicago, Us TOO University regional town hall meetings were designed to help build relationships, encourage local Us TOO fundraising efforts, and identify local needs to increase services to men and their family members impacted by prostate cancer. Events were held in Chicago, Phoenix and Tacoma; and the plan for 2013 included sessions in Austin, Atlanta and Rochester.

Support group members from Washington, Oregon and Idaho, Us TOO staff, and board members were in attendance. On June 12, 28 men graduated from the Prostate Cancer Education Study Program. The three-week course was held at Spartanburg Regional Hospital’s Gibbs Cancer Center and was created to raise awareness about prostate cancer in the African American community.

New 2012 Affiliated Chapters / Support Groups
Prostate cancer advocates from across the country joined forces to raise awareness about prostate cancer within our federal, state and local government, and to discuss research, early diagnosis and treatment options. Us TOO led break-out sessions to help encourage support group advocacy activities.

2012 Annual Report
The 8th Annual SEA Blue Prostate Cancer Walk & Run attracted more than 1,300 participants to Chicago’s Lincoln Park on Sunday, September 16. Thanks to all of the event sponsors, supporters and event emcee Steve Sanders, WGN TV anchor and prostate cancer survivor. In 2012 Steve took over the microphone from long-standing former event emcee Robert Jordan, also a TV anchor at WGN and prostate cancer survivor. The SEA Blue event is the largest fundraiser to support Us TOO International and Wellness Place, two 501(c)3 non-profit organizations committed to providing prostate cancer survivors and their families with vital services free of charge.
Leveraging prostate cancer awareness month and the notoriety of the Blues Brothers, The BLUES4BLUE Concert on September 22 at the Park West Theater in Chicago raised awareness and support for Us TOO. The Original Blues Brothers Band was created by Dan Ackroyd and John Belushi for Saturday Night Live, and this concert was the first time the group performed in Chicago in 18 years.

The event received corporate sponsorship support from Abbott, Astellas/Medivation, Dominick’s, Cancer Treatment Centers of America, Smoke Daddy BBQ, and Buddy Guys’ Legends Restaurant. It was the second major Chicago event within one week during Prostate Cancer Awareness month.

During the Bill Blair memorial lecture at the December annual meeting in Chicago, we were privileged to hear the moving story about the importance of PSA testing for the early detection of prostate cancer from Autumn Barber, the 33 year-old widow of Tim Barber.

We had the honor of meeting Autumn when she presented at the Us TOO Phoenix Arizona town hall meeting in April of 2012.

“I can tell you that Tim never, ever gave up hope. Today, Tim’s hope is alive in everyone who is helping to spread his message. His family, his friends, his 21 year old daughter and our beautiful one year-old twins carry on his legacy of hope. You – who will take the opportunity today to express to your dad, son, brother, husband, boyfriend or friend the importance of getting that PSA test done – are maintaining that hope.”

The Us TOO Chapter/Support Group Revenue and Expenses, may not fully be included in the Us TOO International, Inc. financial audit conducted by John Kopczyk, Ltd., Certified Public Accountants. The majority of Us TOO chapters is small community groups that do not solicit or raise funds. Information was received from 48 chapters reporting for the calendar year 2011 ending December 31, 2011. The groups in Greenville, SC, East Amherst, NY, and New York City, NY, reported revenues and expenses that appear in the 2011 audit under Chapter Revenue and Expense.

The unaudited activities submitted by the chapters summarize the revenue and expense activity of their group. The compilation report was compiled from the 45 groups reporting income and expenses and was combined into a report by the Us TOO staff for management reporting purposes and is listed above under Us TOO Chapters. The accounting practices of the local Chapter groups are not necessarily the same practices followed by the Us TOO International home office.

The preceding list includes benefactors providing general donations to Us TOO International as well as donations to the 2012 SEA Blue Walk & Run, the largest fundraiser to support Us TOO International and Wellness Place, two 501(c)3 non-profit organizations committed to providing prostate cancer survivors and their families with vital services free of charge.

Thank You!

“Thank You” to the Dwight Wubbenhorst Living Trust, in addition to every individual, sponsor organization, and Us TOO board member for contributing to Us TOO International by donating time, expertise, resources and funding.
In Memoriam

Fred Gersh
May 24, 1936 - April 5, 2012

In Memoriam
Of the late Fred Gersh, who served for more than 20 years as an Us TOO volunteer regional director, and as the Us TOO Alexandria, VA, chapter/support group leader; and received the Outstanding Advocate Award in 2010

“Talk is cheap. It’s easy to say that one must have a positive attitude. It’s really hard to live it. But you must. Just take one day at a time and do the best you can. Keep on keeping on.”
Fred Gersh

Mike Jones
April 13, 1944 - January 22, 2012

In Memoriam
Of the late Mike Jones, former Us TOO regional director of Texas, chapter leader for the Austin support group for more than 10 years, and recipient of the Ed Kaps Award in 2011

“Cancer is only temporary, but friends and family are for life.”
Mike Jones
Us TOO International was started as a 501(c) 3 non-profit organization in 1990, to serve prostate cancer patients and their families, by five prostate cancer survivors and their families who recognized that “cancer affects us, too.”

Us TOO can put you in contact with prostate cancer survivors and their companions who have already experienced or are in the midst of recovery. These individuals can provide valuable insight into treatment and recovery.

**OUR MISSION**

Be the leading prostate cancer organization helping men and their families make informed decisions about prostate cancer detection and treatment through support, education and advocacy.
