Greetings,

I hope that the [February 2017 issue of the Hot SHEET](#) finds you doing well.

If you know of an outstanding volunteer in the Us TOO support group network who has shown exemplary, dedicated service to helping prostate cancer survivors and their families, we encourage you to recognize this special person with a nomination for an Us TOO **Edward C. Kaps Hope Award**. Nominations are due by February 9th. [CLICK HERE](#) for all of the details.

And if you plan to be in sunny Florida this winter, take note of the following two prostate cancer educational events:

## **Prostate Health and Cancer Symposium**

Saturday, January 28, 2017

Florida Atlantic University

Boca Raton, FL

[CLICK HERE](#) for more information.

## **Prostate Cancer Today - A Conference for Patients and Caregivers**

Saturday, March 4, 2017

Charlotte Harbor Event and Conference Center

Punta Gorda, FL

[CLICK HERE](#) for more information.

We thank everyone who took the time to complete the recent survey on drug sequencing for treating Castrate-Resistant Prostate Cancer (CRPC). Results will be helpful in creating content for a continuing medical education (CME) program being developed by the Academy for Continued Healthcare Learning (ACHL) to help healthcare professionals better serve CRPC patients.

On a separate initiative, prostate cancer patients with advancing disease are invited to participate in a **60-minute telephone interview** conducted by a market research company. To determine eligibility, please [CLICK HERE](#) to complete a

brief survey that will be open until 2/7/17 or until the spots have filled. Qualified respondents who are selected will be contacted to arrange a convenient time in mid-February to complete the telephone interview. Participants who complete the telephone interview in its entirety will be eligible to receive **\$125 from the market research company paid via check within four weeks**. The company will also make a donation to Us TOO.

Take care, stay warm and please let us know how we can help you with prostate cancer educational resources and support services from Us TOO.

All the best,

*Chuck & The Us TOO Team*
