Greetings,

In keeping with the mission of Prostate Cancer Awareness Month throughout September, we encourage you to share educational information such as the latest Prostate Cancer News You Can Use. Below is a list of article titles in addition to a link to the US Too web page that provides access to all of the content.

Derdheme's latest video discusses an immunotherapy option to help fight advanced stage prostate cancer. To view this short video and learn more about a treatment that may be available to you, CLICK HERE.

If you're in Chicago on Sunday, we hope to see you at the 13th Annual SEA Blue Chicago Prostate Cancer Walk & Run! Event participants can continue to fundraise through October 31. To make a general donation to the event, please CLICK HERE.

Join US TOO online or in-person for the next US TOO Community Conversation on Prostate Cancer in Detroit on Saturday, September 24. It will be a featured presentation at the Sixth Annual Men's Health Event. Attend the event or REGISTER HERE for free access to watch the live broadcast online. Join the discussion and learn about the importance of informed decision making for patients and caregivers specific to testing, active surveillance, treatment options for all phases of prostate cancer from an initial diagnosis to advancing disease, and management of side effects. CLICK HERE for details.
